Subject: AWERB approval VIN - spontaneous pneumothorax
Date: December 11, 2015 at 4:13 PM
To: Guillaume Chanoit G.Chanoit@bristol.ac.uk

Dear Guillaume

This is to confirm that, at their recent meeting, the AWERB approved your VIN application "Outcome and prognosis of dogs treated surgically for spontaneous pneumothorax caused by pulmonary blebs and bullae: A multicentre retrospective study".

It has been given the number VIN/15/045 and is active with immediate effect. It is due to expire on 11 December 2018. Please let us know if work finishes prior to this time.

Best wishes
Rachel
